Austria Bureau, FBIS

STAT

Dear

STAT

As you retire from FBIS after 19 years of dedicated and productive service, I would like to extend gratitude and congratulations personally and on behalf of your many friends and colleagues.

You have witnessed many changes in FBIS communications over the span of your career as operator and supervisor, from the clatter of the old "Model 28's" to the gleaming computer terminals of the FBIS Field Bureau Automation program. Indeed, you were one of the pioneer communications operators in that program as Austria Bureau served as the initial FBA-1 bureau. The cheerful and willing attitude that has characterized your many years of loyal service with FBIS has served as a fine example to your colleagues.

I know they join me now in wishing you a most happy, healthy, and productive retirement.

Sincerely,

STAT
